SUMMARY

Front end web developer with experience in the education industry. Passionate about approaching programming challenges from different angles and collaborating with others to create meaningful web applications. Currently enrolled in a full stack development certification program from the University of Connecticut, with newly developed skills in HTML, CSS, JavaScript and responsive design. Great interpersonal skills gained from years of experience as an educator with strengths in meeting deadlines, creativity, and teamwork. Excited to leverage skills as part of a fast-paced, quality-driven team to build better experiences on the web.
